Summary

A passionate **Computer Science student** at **SDM Institute of Technology, Ujire**, with hands-on experience in **Java, React**, and **Node.js**. Focused on building practical, impactful software solutions and collaborating effectively in team environments.

Education

B.E. in Computer Science and Engineering

S D M Institute of Technology, Dakshina Kannada

2023 – Ongoing

CGPA: 8.68 / 10

Skills

Programming Languages: Java, Python, JavaScript

Frameworks & Libraries: Spring Boot, React, Tailwind CSS

Databases: SQL, Firebase, MongoDB

Tools & Platforms: Git, GitHub, Postman, IntelliJ IDEA

Core Areas: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Operating Systems, DBMS, Computer Networks

Projects

EcoFinds - Sustainable Second-Hand Marketplace | *JavaScript*

February 2025

- A full-stack web application for **buying and selling second-hand products**.
- Built with React, Node.js, Express, and MongoDB.

Drishti – Crowd Detection and Alert System | *Python, TypeScript*

August 2025 – September 2025

- Developed a real-time **crowd detection** system using a **YOLOv8 AI model** for accurate **person detection** and **crowd density counting**.
- Leveraged the **YOLOv8 (version 8)** architecture to achieve improved detection accuracy over prior versions.

AgriSense AI – Smart Farming AI Advisory System | *TypeScript, PL/pgSQL, Tailwind CSS*

February 2026

- Built an **offline AI pipeline** that predicts **crop disease and risk status** from farm and environmental inputs, delivering actionable advisory recommendations to farmers.
- Designed the solution to be **reproducible, offline-compatible, and evaluation-ready**, enabling use in low-connectivity rural environments.

Achievements

- Received a **24-hour Hackathon certificate** at **Vidyavardhaka College of Engineering, Mysore** for the **e-Learn Application**.
- Received a **24-hour Hackathon certificate** at **Presidency University, Bangalore** for the **Anemia Detection App**.
- Received a certificate for participation in a **4-hour product-building competition** conducted by **Visvesvaraya Technological University, Regional Center Mysuru**, for the **Root to Rise** project.
